

Optimize Healthcare Communications with Retarus.

Consolidate and improve critical communications with a powerful, cloud-based fax solution.

Cloud-Based

Engineered to harness the full potential of the cloud.

Built for Healthcare

With HIPAA compliance and integrations into leading EHRs.

Enterprise-Grade

The performance, reliability, and functionalities that enterprises need.

OVERCOME COMMON COMMUNICATION CHALLENGES.

CHALLENGE

OVERSTRAINED IT TEAMS

due to inefficient and complex on-premises fax infrastructure

SLOW PROCESSES AND DELAYED PATIENT CARE

resulting from unreliable tech and failed fax transmissions

COMPLEX MIGRATION

of current fax solutions resulting in delayed projects and difficulty achieving ROI

HIGH COST

of server maintenance, upgrades, renewals, telco equipment, fax machines, errors and more

SOLUTION

A CLOUD-BASED FAX SOLUTION

outsources all management, maintenance, and required knowledge to a specialized provider

STREAMLINED AND RELIABLE PROCESSES

through maximum performance, AI powered Intelligent Document Processing, high delivery rates, and guaranteed uptime

SEAMLESS MIGRATION

with templated project management approach combined with fax server connectors and comprehensive native integrations

LOWER OVERALL COSTS

through displaced infrastructure, lower efforts, faster processes, and less errors

NOT ALL FAX SOLUTIONS ARE CREATED EQUAL.

Retarus Cloud Fax is the best option for healthcare enterprises that demand the most in terms of performance, reliability, transparency, and overall quality for their critical communications.

“EXCELLENT SERVICE, AND NOTHING ELSE WAS PROMISED. THE SERVICE CONTINUES TO BE EXCELLENT ...”
